BROKER MEMO

Date: September 14, 2010

Subject: Unique Broker ID / Password

Thank you for your continued support of our program. We are constantly working on improving the products and services available to you. We are developing enhancements to our website that, among other things, will allow you to search for loan products and lock your loans with us online.

In order for you, your loan officers and processors to access this system, we need you to provide the first name, last name, email address, title, office number, fax number and cell number for each intended user on the following page (Broker ID / Password Setup). The email addresses will serve as the unique userID for each individual. The system will assign each user a temporary password during their first visit. Each user will need to choose his or her own password at that time. You can make extra copies of the following page, if necessary, to list all your users.

We can also provide the Setup form in Excel format so you can type the information rather than writing it by hand if you wish.

Please return this form to us at your earliest convenience so we can make these exciting new tools available to you.

Thank you again for your business. If you have any questions, please contact your Account Executive.

David Baker
VP – Wholesale
